

# World Wetlands Day

## 2 February 2012

## Guided Walks around Charlesworth Wetland

*A 90 minute DAYTIME walk OR A ONE hour EVENING walk*  
*10.00am-11.30am 7.00pm-8.00pm*

To mark this day we invite you to come for a walk to learn about the values of our very own Charlesworth Wetland Reserve. CCC Park Ranger, Andrew Crossland, will provide information on the bird and plant life present, as well as the ecological value of this small but significant wetland area. Bill Simpson, Ihutai Trustee, will provide fascinating stories on the social history of this wetland: from wetland to farmland to industry and back to wetland.

*Required to bring: Sensible footwear, drink bottle, wind/rain jacket and, if you have them, binoculars and a camera. Numbers are limited for each walk so you will need to register with us on: 669 2077 (please leave clear contact details on answer phone as we will confirm your place back to you) or email us on [info@estuary.org.nz](mailto:info@estuary.org.nz)*

*Allow for the walks to run a little over time. Duration given is approximation only.*
